# USER ANALYSIS AND AND LAYOUT DESIGN

## ALUMNI PORTAL

**TEAM NO - 03**

**ISSUED BY**

Ramaguru Radhakrishnan (Asst.Professor)

**DONE BY**

G H Hem Sagar ( CB.EN.U4CYS21016 )

# Introduction

- Each year in a university, hundreds of students pass out with good jobs/placements. And the Alumni Portal helps in maintaining communication between the faculty and the graduates.

- Alumni portal also presents a great means of communication between alumni and current students in the university to interact with each other.

- In terms of wastage of resources, the university is losing a lot both financially and opportunity wise, since some well-placed alumni cannot be tracked or contacted to help in donation or support in improvement of infrastructure within the university.

- This project is focused on web-based application/ web-page, which is a new form of interactive media between the ANU alumni members and non-alumni members (ANU community).

- Alumni can build business connections, organise reunions, and serve as shining examples of the kind of people that their institution produces.

## Analysis

Through user analysis on the requirements for the portal, the following points are gathered.

- Events: Information on alumni events and campus events.

- News: Updates on alumni and campus news, and emergency bulletins.

- Networking: alumni networking features, including ways to find out information about a classmate or other alum.

- Donation/Funding: A way to donate to the school and become engaged in a meaningful way.

- Job Interests: A section dedicated to finding job vacancies and opportunities.
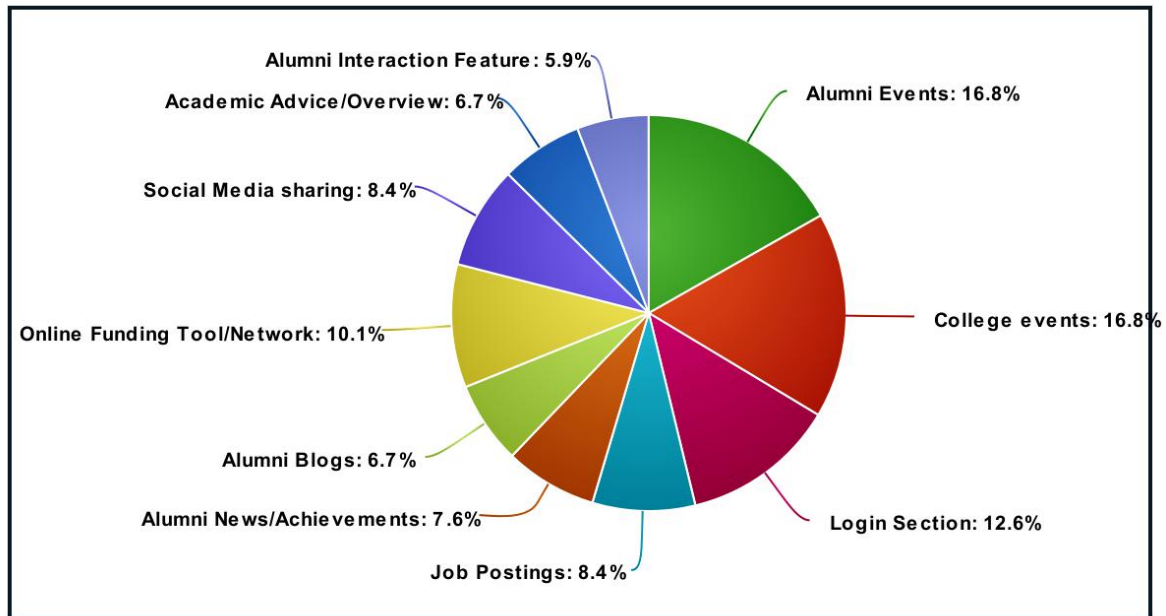

Pie chart Based on Analysis

# Users and Permissions

- Students/Alumni: Have control over their respective personal details and can connect with alumni.

- Faculties: Have their own accounts and are linked with their batch students and can act as super user to students.

- Admin: Verifies and maintains the details of students and alumni. Adds info regarding the events.

## Layout Design

A basic design on how the website should look and work based on the analysis done.

## ABOUT

Dear alums, you are part of a robust global network of Amrita graduates who significantly impact the world. By engaging your communities and sharing your pride in Amrita, you profoundly influence the university and the students who aspire to be like you. When our alums from across the world join hands with our students, we can conquer great heights by launching new initiatives, programmes, and events.
